## HSNWA Testimonials

*I was introduced to the Home Services Network a couple of years ago. What a lucky break! I needed some professional help to update my home in Vancouver, and they have come to my rescue many times. I have used over a dozen of their home improvement professionals, all of which are bonded and licensed, and experts in their respective fields. I have been very pleased and satisfied with the quality of their work. As a senior lady new to the area, I have found the members of the Home Services Network friendly, accommodating and very helpful.*

~ Lucille M. H., Vancouver, WA ~

*...we were introduced to the Home Services Network, and we ended up calling (various) members for our project: Overall, each member was courteous, professional, knowledgeable, returned our phone calls and followed up on our questions. They were all quick to recommend fellow members of HSN, displaying their confidence in the others in the group.*

~ The Svejcars, Vancouver, WA ~
